## Human Rights

Human Rights Club focuses on raising awareness of human rights issues prevalent in society. Letter-writing campaigns to government officials, and "We are Silent Day" are annual club events. Each year the club focuses on a major issue to raise awareness and funds for. Last year we decided to focus on the global Water Crisis and raised money in order to provide clean drinking water for families in Africa. In order to raise money we had many different events such as the Change for Change drive. This year student members will be able to decide whether to focus on a new issue, or the same issue and get involved in raising awareness!
