

How to access Adobe CC at home:

1. Go to the Adobe website and sign in using your school email account

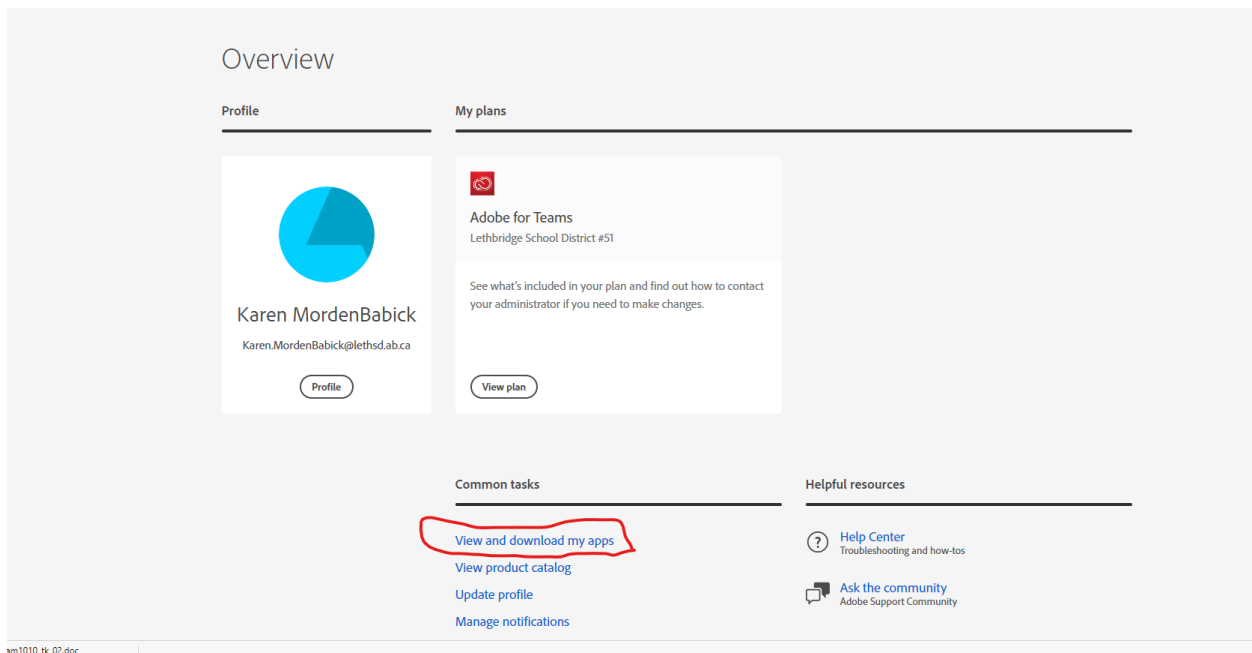

The screenshot shows the Adobe website's homepage. The browser address bar displays "https://www.adobe.com". The navigation menu includes "Creativity & Design", "Marketing & Commerce", "PDF & E-signatures", "Business Solutions", and "Support". A red circle highlights the "Sign In" link in the top right corner. The main content area features a message to customers and community, followed by three featured categories: "PHOTOGRAPHY" (with a woman's portrait), "DOCUMENT CLOUD" (with a tablet and smartphone), and "ADOBE STOCK" (with a green iguana). Below this is a large "Sign in" modal window. The modal contains the Adobe logo and the text "Sign in or create an account". It includes a "New user? Create an account" link, an email address input field with the text "karen.mordenbabick@lethsd.ab.ca", and a "Continue" button. Below the email field, there are three social login options: "Continue with Google", "Continue with Facebook", and "Continue with Apple". At the bottom of the modal, it states "Protected by reCAPTCHA and subject to the Google Privacy Policy and Terms of Service".

2. Click Continue and Choose Continue to Canada

### 3. Click Manage Account

### 4. Click View and download my Apps.

### 5. Download the Apps that you need.

Available in your subscription
