

CAREER EXPLORATION SESSION

PHYSICIST

SEPTEMBER 27, 2023
4:00pm

If you have a passion for understanding how things work and enjoy figuring out why things work the way they do, then you are a Physicist!

Physicists are usually divided into four groups: Applied Physicists, Engineering Physicists, Experimental Physicists, or Theoretical Physicists; but the barrier between the four is blurred.

Astronomer, Astrophysicist, Biophysicist, Condensed Matter Physicist, Environmental Physicist, Geophysicist, Medical Physicist, Research Physicist, and Teacher are all examples of specialty fields.

Ask questions and find out more with Dr. Ken Voss from the University of Lethbridge.

Register now for this *FREE* virtual session!

Once registered, you will receive an email with the link, plus additional information regarding the event.
